

Group Securities Trading Policy

Purpose and scope

Purpose

This policy sets out the Group's principles for Dealing in Securities. It aims to ensure compliance with Insider Trading laws (in and outside of Australia) and to protect the Group from reputational damage arising from Insider Trading.

It puts in place a specific framework for the disclosure and management of Dealing in Group Securities to address the risk of Insider Trading occurring by Specified Persons and their Associates Dealing in our Group Securities. This risk has the potential to lead to poor outcomes for our communities and shareholders and cause reputational damage, regulatory action, financial penalty or legal recourse against the Group.

This policy complements Business Unit, Support Unit (BU/SU) or Subsidiary operating procedures that apply in addition to this Group policy and the supporting Group Securities Trading Procedure.

Scope

This policy applies to the Group, CBA Board, Subsidiary Non-Executive Directors, Employees, Contractors and Seconddees.

ASB Bank Limited (**ASB**) has securities trading obligations in respect of its debt securities issued by ASB and its subsidiaries which are listed on the New Zealand Stock Exchange (NZX), London Stock Exchange (LSE) and Swiss Stock Exchange (SIX).

PT Bank Commonwealth (**PTBC**) has securities trading obligations in respect of its debt securities issued by PTBC that are quoted on the Indonesia Stock Exchange.

Both ASB and PTBC have their own securities trading policies and processes for compliance with their securities trading obligations in relation to the debt securities issued by ASB (and its subsidiaries) and PTBC, in their respective jurisdictions. The offshore policies must incorporate the core principles and intent of the Group Securities Trading Policy at a minimum, except to the extent necessary to comply with local regulatory requirements.

For those parts of the Group that are impacted by laws, regulatory requirements or contractual obligations that conflict with this policy, the more stringent standard applies.

Policy statement

If you are aware of Inside Information, you are prohibited from Dealing in relevant Securities, causing other people to Deal in those Securities and giving that information to other people if you know or should know they would, or would be likely to Deal in those Securities. You must not Deal in Securities if the proposed Dealing could be perceived as taking advantage of your position for personal gain.

When you want to Deal in Group Securities you must comply with the requirements of this policy and the supporting Group Securities Trading Procedure.

If you are a Specified Person, additional requirements apply to you and your Associates, including only Dealing in Group Securities during Trading Windows unless you have obtained an exception as detailed in this Group Securities Trading Policy, holding Group Securities for at least thirty days and not using Group Securities in margin lending arrangements. Your Associates must comply with this policy and you must take reasonable steps to ensure they do.

Policy requirements

Requirements that apply to Non-Executive Directors, Employees, Contractors and Secondees

No Insider Trading If you are aware of Inside Information regarding any Securities (not only Group Securities), you must not:

- Deal in those Securities;
- cause or procure any other person to Deal in those Securities;
- give Inside Information to any other person (including by giving hints or tips) or cause Inside Information to be provided to any other person. This includes if you know or should know that the person would, or would be likely to use the information to Deal in those Securities (or procure another person to Deal in those Securities); and
- use the Inside Information to gain an advantage for yourself or someone else, or to cause detriment to the Group.

This prohibition applies at all times including to Excluded Dealings, during Trading Windows, and even where a Dealing clearance or a Trading Window exception has been given. It overrides all other provisions of this policy. Before Dealing, you should consider carefully whether you are aware of any Inside Information and if you are in doubt you must not Deal.

Inappropriate Dealings You must not Deal in Securities if the proposed Dealing could be perceived as you taking advantage of your position for personal gain.

Limited Hedging You must not Hedge your exposure to unvested Group Securities issued or acquired under any Group equity plan, or where a holding lock or Dealing restriction applies under the terms of the plan.

Front Page Test As a guiding principle, before dealing in Securities, you should ask yourself;

If the market was aware of all the current circumstances, could the proposed dealing be perceived by the market as me taking advantage of my access to information in an inappropriate way? How would it look if the transaction were reported on the front page of the newspaper?

Additional requirements that apply to Specified Persons and their Associates

Permitted Dealings Specified Persons and their Associates may only Deal in Group Securities if the Dealing:

- occurs through CommSec (the stockbroking firm operated by the Group) or another broker approved by Group Compliance from time to time (with the exception of Dealing in PTBC issued debt Securities by PTBC Specified Persons and their Associates); and
- is not otherwise prohibited under this policy; and
- is either:
 - an Excluded Dealing;
 - given clearance (where required under both this and BU/SU specific policies and procedures) and is placed during a Trading Window before the clearance expires; or

- given a Trading Window exception and is placed before the exception expires.

Prohibited Dealings Specified Persons and their Associates must not:

- use or Deal in Group Securities for margin lending or other secured financing arrangements, as a forced sale may lead to the breach of this policy;
- hold Group Securities for less than a thirty day period, calculated on a last in, first out basis, which prohibits short term Dealing (e.g. forward contracts);
- enter into contracts for difference or use any instruments or enter any arrangements for short selling or stock lending of Group Securities, other than Excluded Dealings. This includes the practice of attempting to profit from an anticipated drop or rise in the price of Group Securities.

Responsibility for compliance by Associates Specified Persons must ensure their Associates are aware of the requirements of this policy and they must take reasonable steps to ensure their Associates comply with those requirements.

Additional requirements that apply to CBA Board directors, the CEO, Group Executives, the Company Secretary and their Associates

Prohibited Dealings CBA Board directors, the CEO, Group Executives, the Company Secretary and their Associates must not:

- Deal in any Group Security that is listed or traded on a UK or EU regulated market; or
- Deal in any other Security that has a price or value which depends on, or has an effect on, the price or value of a Group Security that is listed or traded on a UK or EU regulated market.

This is required under the UK and EU Market Abuse Regulations No 596/2014 to meet obligations for Persons Discharging Managerial Responsibilities (PDMRs).

No Hedging CBA Board directors, the CEO, Group Executives, Company Secretary and their Associates must not Hedge their exposure to vested Group Securities (this is in addition to the Limited Hedging requirement).

Clearances

Specified Persons and their Associates must request clearance for a proposed Dealing in Group Securities from the relevant approver as set out in Attachment A.

Refer also to the Group Personal Account Dealing procedure in relation to pre-clearance requirements.

Trading Windows

Specified Persons will be notified of Trading Windows by e-mail. Specified Persons must not assume that a Trading Window is open in the absence of notification, as the CBA Board may vary, suspend or terminate (conditionally or unconditionally) Trading Windows at any time.

When Dealing in Group Securities on market at the market price, orders can be placed until market close on the last day of a Trading Window. Dealings involving conditional orders must be placed and executed during a Trading Window (e.g. a specified, minimum sell or maximum purchase price or a stop-loss instruction).

Trading Window exceptions

Specified Persons and their Associates may apply for a Trading Window exception to Deal in Group Securities outside a Trading Window in exceptional circumstances. Exceptional circumstances and the procedures to follow when applying for an exception are set out in Attachment A.

Inside Information Information that:

- is not generally available; and
- if it were generally available, a reasonable person would expect that information to have a material effect on the price or value of Securities. This is satisfied where the information would, or would be likely to, influence persons who commonly acquire Securities in deciding whether or not to buy or sell those Securities.

Examples may include the following information before it becomes generally available (i.e. announced to the market or otherwise made public):

- information/estimates about earnings or dividends;
- an imminent share issue or other capital raising;
- an important new contract, development or venture;

- a proposed acquisition, merger, takeover, disposal, rationalisation or restructuring;
- a change to credit rating;
- significant financial events such as large-scale fraud, losses or write-offs; and
- a possible de-listing, closure, receivership or liquidation.

Inside Information need not relate to the Group, it could relate to any other listed entity. It may also be referred to as 'price sensitive information', 'market sensitive information', 'confidential market sensitive information' or 'material non-public information'.

Insider Trading

Insider Trading is the trading of Securities while in possession of Inside Information about the relevant Securities. Insider Trading extends to procuring others to Deal in the Securities or communicating that information to others who may Deal in the Securities.

Non-Executive Director / NED

A member of a Group Subsidiary Board who is not an Employee of the Group.

Persons Discharging Managerial Responsibilities (PDMRs)

CBA Board directors, the CEO, Group Executives, the Company Secretary and their Associates, or as notified to relevant individuals from time to time.

Secondee

An individual who is seconded temporarily to the Group but who is employed by a non-Group entity.

Attachment A – Pre-clearance and Exceptions process

Dealing clearance

CBA Board, Non-Executive Directors, the Group CEO, Group Executives, the Company Secretary and their Associates must submit a written request for clearance of a proposed Dealing in Group Securities by e-mail to the relevant approver indicated in the table below.

Other Specified Persons and their Associates are not required by this Policy to obtain dealing clearance. However, the Group Personal Account Dealing procedure may impose pre-clearance requirements so you must check the Group Personal Account Dealing procedure to determine whether pre-clearance is required. If pre-clearance is required pursuant to the Group Personal Account Dealing procedure via the conflicts hub, Specified Persons and their Associates must still comply with the requirements of this Policy including to only trade during Trading Windows, even if clearance is granted, unless they have received a policy exception.

A clearance request must provide:

- Full name under which Securities are held (including HIN/SRN);
- details of the proposed Dealing (including the number and type of Group Securities, nature of Dealing, date of proposed trade, name of Specified Person or Associate); confirmation that the Specified Person or Associate (as the case may be) is not in the possession of Inside Information, understands their obligation set out in this policy and acknowledges they are personally responsible for any decision to trade.

The approver must respond promptly by e-mail and may grant or refuse the request, without giving any reasons. A refusal is final and binding on the person who made the request, and must be kept confidential by that person.

A clearance will remain in force for two full business days after the date of approval, unless otherwise notified by the approver. If the Dealing is not placed within this time, the clearance will no longer have effect and a new clearance must be requested and obtained. A person who has received a clearance must inform the approver that the Dealing has occurred by no later than the next business day.

A clearance is not an endorsement of a Dealing. You are responsible for your own investment decisions and compliance with the law.

Existing BU, SU or Subsidiary level operating procedures should be adhered to.

Trading Window exception

Specified Persons and their Associates may apply for a Trading Window exception to Deal in Group Securities outside a Trading Window in exceptional circumstances. Exceptional circumstances may include:

- severe financial hardship where the sale of Group Securities is the only practical method of overcoming hardship;
- a requirement to Deal in Group Securities pursuant to a court order or a court enforceable undertaking; or
- an overriding legal or regulatory requirement to transfer, or accept a transfer of, Group Securities.

Trading Window exception requests must be made in writing to the relevant approver indicated in the table below. The application must provide:

- details of the proposed Dealing (including the number and type of Group Securities, type of Dealing, name of Specified Person or Associate);
- a description of the exceptional circumstances and sufficient evidence showing that the proposed Dealing is the most reasonable course of action in the circumstances and there are no other viable legal alternatives; and

- confirmation that the Specified Person or Associate (as the case may be) is not in the possession of Inside Information.

The approver may grant or refuse the request without giving any reasons. The person making the request will be notified of the decision by e-mail and, if approved, the terms on which the exception is granted. A refusal is final and binding on the person who made the request, and must be kept confidential by that person (other than as required by law or a court).

A Trading Window exception will remain in force for two full business days after the date of approval, unless otherwise notified by the approver. If the Dealing is not placed within this time, the Trading Window exception will no longer have effect and a new exception must be requested and obtained. A person who has received an exception must inform the approver that the Dealing has occurred by no later than the next business day.

Policy exception

Policy exceptions may be granted where there is a legitimate reason for not meeting the policy requirement and provided the exception does not breach any legislative requirements.

Non-Executive Directors, Employees, Contractors and Secondees may apply for an exception from this policy or specific obligations within this policy. Exceptions to this policy must be approved by the relevant approver indicated in the table below and the Group Chief Risk Officer.

Approvers of clearances and exceptions

The following table applies to the approval of Dealing clearances and exceptions.
